The Prague grossus struck under John of Luxembourg, Castelin type no. II. 4 – rare variety

A rare variety of the Prague grossus struck under John of Luxembourg (Castelin type no. II.4) is presented in the article. J. Smolík and K. Castelin registered it in their typologies, but it was not illustrated in their publications, and it had never been listed in the later sources, published finds, collections or auctions.

🗝️ *Prague grossus; rare variety; Castelin type no. II. 4; John I of Luxembourg (1310–1346).*

🗝️ *pražský groš; vzácná varianta; Castelin II. 4; Jan I. Lucemburský (1310–1346).*
