By mistake, the intended name *Venanides caspicus* Abdoli, Fernandez-Triana & Talebi, 2019 was written within the text of the paper in two different variants: the intended one, *V. caspicus* (9-times throughout the text on the pages 543, 544, 545, 546, and 547), and incorrect *V. caspius* (lapsus calami, once in title on the page 543) (ABDOLI et al. 2019). *Venanides caspicus* Abdoli, Fernandez-Triana & Talebi, 2019 is the correct original spelling of the name, while *V. caspius* must be considered as an incorrect original spelling and an unavailable name in zoological nomenclature (see Article 24.2.3, ICZN 1999).
